

HELPERS OF GOD'S PRECIOUS INFANTS OF CHARLOTTE

Monsignor Reilly's Update

I had the privilege and honor to assist Monsignor Reilly this past October in praying and counseling outside of the Brooklyn abortion mill.

"If you do not change the hearts of the parents, you cannot save the child.

Before a mother physically aborts her child, she aborts him spiritually. Their salvation is at risk...."

- Msgr. Philip Reilly

We spent 3 hours each day trying to reach out to women and men on these busy streets. Time flew by when you are in the presence of a Saintly priest. Hope to spend more time this coming year with him!

WE ARE PRAYING
FOR THE END OF
ABORTION

One lady shed tears after Monsignor gave her a blessing. Many people stopped to speak with Monsignor and wanted him to bless them. This is the largest abortion mill in Brooklyn.

Monsignor attended the **International Priest Conference** in Mexico. There he gave his talks and workshops. He joined other priests and prayer warriors in a vigil at a hospital in Mexico City, where they perform free abortions. There are usually lines around the hospital and abortions are performed from 4:00 am-10:00 am in the mornings.

“Our goal, our purpose, is not only to save the physical life of the child. What we aim for ultimately is the conversion of hearts and the salvation of souls,” Msgr. Reilly said. “We seek to join the Blessed Mother and St. John at the foot of the cross, the modern-day Calvary at the abortion mills, where the image of Christ among us today is being crucified. Even if we don't succeed in changing a woman's mind and saving her baby, at least we are there to pray and to express our love for the baby before he is destroyed ...”
